

Mid Lake Protection and Management District

Annual meeting was called to order at 8 am on Saturday, July 2, 2022 at the Woodruff Town Hall with approximately 40 people present. After the annual meeting minutes of 2021 were approved, reports on the following were given: harvesting reports and weed management; Lake management plan update; Website and Member Education update. The 2023 proposed budget and levy were discussed and approved. During Public comment Winkler shared the 2021 LWC report and what resources the County could bring to the district. The 2023 annual meeting was then set for the first Saturday in July 2023.

Addition to Horsehead Information:

Dave Averbek had called me in regards to a request he received from a guy in Florida asking for an open record request for any employee of the District and financial records. Since they have no employees it was determined that they would not send but responded with a note I will forward to you
