Stephanie Boismenu	Oneida Co. Land & Water Conservation
Tracy Beckman	Lumberjack RC & D
Fred Heider (Observer)	North Central WI Regional Planning Commission
Tom Rudolph	Community Representative
Scott Van Egren	Department of Natural Resources

1. Welcome and Introductions.

Mott called the meeting to order at 9:30 a.m. in Committee Room #2 of the Oneida County Courthouse. Mott continued to welcome everyone and thanked them for participating in this process for the County.

2. Today's Goals and Overview of planning process.

Heider also thanked everyone for coming, and provided an overview of what was to be accomplished today and how the overall planning process would work.

3. Resource Assessment discussion.

Sadauskas and Heider had resource professionals provide brief natural resource assessments by type (forestry, agricultural, water, & land development). Constructive interaction occurred during each presentation.

4. Planning worksheet (Small group discussion – public may join in).

Heider assembled everyone in attendance into 3 groups based upon where they sat in the room. Since one group only had 4 people, then Heider sat with them to possibly assist with any questions they may have. Heider asked each group to identify natural resource issues that would drive new goal and objective development, and to possibly identify new or revise existing goals if time existed.

5. Next steps of planning process. Schedule Meeting #2.

Heider briefly noted that a second meeting time would be determined by emailing everyone in attendance with proposed dates.

6. Adjourned.

Heider noted that the meeting was adjourned at 12:15pm.
