PETITION FOR CREATION OF PUBLIC INLAND LAKE PROTECTION AND REHABILITATION DISTRICT

Lake Nokomis

Sten L

I, the undersigned individuals respectfully represent that they are landowners of property within the boundaries of a proposed lake district for Lake Nokomis in Oneida and Lincoln Counties, Wisconsin, and propose as follows:

1. A public inland lake protection and rehabilitation district should be created pursuant to Wis. Stat. 33.21, et seq., and should be named the LAKE NOKOMIS PROTECTION DISTRICT.
2. Creation of this District is necessary to protect the lake from further degradation and to rehabilitate and maintain the integrity of this beautiful public asset.
3. The public health, comfort, convenience, necessity and welfare will be promoted by the establishment of the District and the lands included in Exhibit A will be benefited by such an establishment.
4. The boundaries of the territory to be included in the proposed District are described in Exhibit B.

Tug Lake 2021

Lincoln County

1. The district, if established, shall be know as the Tug Lake District ("the District").
2. The proposed District is necessary to define the present and anticipated problems of Tug Lake, identify their causes, and implement various education and/or remedial measures to deal with the problems. Creation of the Tug Lake District allows the undertaking of activities such as: protection of the fishery; control of harmful blue green algae, aquatic weeds and/or invasive species; reduction and/or treatment of harmful sedimentation to abate internal nutrient cycling; and improvement of the health of the Tug Lake ecosystem.
3. Establishment of the District will: protect public health, comfort, and convenience; provide for public necessity; and promote public welfare.

**PETITION TO ESTABLISH THE
"SQUASH LAKE PROTECTION AND
REHABILITATION DISTRICT"**

We, the undersigned landowners (the "Petitioners") hereby petition the Board of Supervisors of Oneida County, WI, to establish a public inland lake protection and rehabilitation district pursuant to the authority granted to said County Board under the provisions of Chapter 33 of the Wisconsin Statutes.

In support of our Petition, we state the following:

1. The District, if established, shall be known as the Squash Lake Protection and Rehabilitation District ("the District").
2. The District is necessary to assume responsibility over invasive species control in and around Squash Lake, as well as assist in executing the objectives outlined in the Squash Lake Management Plan (2014). In support of these responsibilities, the District's activities shall include, but are not limited to, invasive species prevention and control, habitat preservation and restoration, promote fisheries and wildlife populations, as well as those activities deemed appropriate by the property owners within the District in support of these responsibilities.
3. Establishment of the District will promote the public health, comfort, convenience, necessity and public welfare.
4. The lands to be included within the District will be benefitted by the establishment of the District.
5. The Boundaries of the Territory to be included in the District are shown in Exhibits 1&2 (attached). The lands included within the Boundaries of the District are generally described as all those parcels of land which contain frontage on the waters of, as well as within reasonable proximity of, Squash Lake.
