**SPRING INTO SUMMER SERIES**

A series of events sponsored by Land and Water Conservation to inspire homeowners to create habitat, turn off their outdoor lights, introduce native plants, plant for pollinators, and stabilize their shoreline.

WEBINAR - MAY 2, 2023 - Shoreline Living – Property Owner Experiences in Lakefront Conservation Webinar: 1:00 p.m. **Registration is required.**

Register on line at the following location:

<http://midwestglaciallakes.org/resources/webinars/>

Presented by Erin Fuller, Quality Project Manager and Natural Shoreline Specialist with the Van Buren Conservation District, Michigan. FREE!

“LIGHTS OUT” Weekend – JUNE 17-18, 2023 — encouraging homeowners to go outside, turn off outside lights, and enjoy the stars. For more information

**FIREFLY WATCH – JUNE 17, 2023 - 9:30 - 11:00 p.m.** Rhinelander Soccer Fields, 1266 Air Park Road, Rhinelander. Bring the family to learn about fireflies and how they need your help. **FREE!** No registration required.

**POLLINATOR WEEK – JUNE 19-25, 2023**

For more information: <https://www.pollinator.org/pollinator-week>

**NATIVE PLANT WORKSHOP – JUNE 22, 2023 – 10:00 a.m. – Hanson’s Garden Village, 2660 County Road G, Rhinelander.** Join the Hansons as they take us on a walk through the benefits, importance, and diversity of native plant varieties. Get hands-on experience using native plants to attract beneficial pollinators to your garden, yard or shoreline. **FREE!** No registration required.

**RESTORATION FIELD DAY – JUNE 29, 2023- 8:00 a.m.** *Times are approximate due to traveling.* Join us on a tour of sites that have already been restored, are in the planning phase, or ones we really hope we can help restore! Sites include: *(Some sites are still pending)* Courthouse Pollinator Garden • Lake Nokomis • Two Sisters Lake • Wisconsin River • Bridge Lake • Stream Crossing – TBD  
**Registration is required.** You can come to as many or as few locations as you want.
