Recommendation

Distance from Shore (ft.)	200	10	300	500	500	500	500	500	500
Minimum Depth (ft.)	10	15	n/a	15	n/a	16	20	200	500

notes:

n/a = not addressed in study

* study recommends 'wake surf' and 'wake board' practices occur in areas >1,968' wide

** phase II of this study has not been published, but initial indications suggest 25-27 ft. minimum depth
