

Horsehead Lake Protection and Rehabilitation District

Commissioners Report

November 19, 2022

The meeting was called to order by Chair Debra Bursik at 10:00 a.m. The four officers/commissioners were present: President/Chair – Deb Bursik; Treasurer – Dave Averbeck; Secretary – Laurie Barrett; County Representative – Jim Winkler.

Business centered around the second pump (aerator) system and which bid to accept. It was determined that they would use the local bidder (Wisconsin) rather than the other company. All information was approved by the Department of Natural Resources (DNR).

Winkler shared Oneida County Conservation Department resources and they were excited about the AIS resources. Winkler would put Deb and Steph together.
