

SAND LAKE

Estimated cost: \$13,769.00

Project moved into 2023 install on landscape. Too late into the Fall season to plant for successful outcome.

This project consists of the construction of 100' of Subsurface Drain and Underground Outlet, seeding and construction site stabilization in an area showing severe signs of erosion. The primary focus is to prevent upland sediment from entering the lake.

SAND LAKE

LAKE NOKOMIS

Estimated cost: \$26,714.00

The rock rip rap portion of this project is scheduled to be installed before the end of 2022; however, plantings will be moved and installed in Spring, 2023 when the weather is warmer and the survival of the plants is better.
