----------------------	--

REQUEST FOR COST SHARE GRANT
------------------------------

I wish to apply for a Healthy Lakes and Rivers grant. I understand that the purpose of this grant is to improve habitat and water quality on my shoreland property and/or prevent storm water runoff and erosion through implementation of conservation practices. I further understand an agreement must be signed by myself and my sponsor and installed practices must remain in place and be maintained for 10 years. If accepted, I agree to provide a cash and/or labor MATCH for each practice, pay all construction costs and provide paid invoices to my sponsor agency. Signing this application does not obligate me to participate in the program nor does it obligate my sponsor to assist me.
