

## Lake Nokomis Concerned Citizens (LNCC) Membership Appreciation Picnic

Date: August 12<sup>th</sup>, 2022

Location: Billy Bob's Sports Bar and Grill, N12025 County Hwy L, Tomahawk, WI 54487

Number of Attendees: Approximately 200

Report by: Aubrey Nycz, AIS Lead Program Assistant

I attended the Lake Nokomis Concerned Citizens Membership Appreciation Picnic on August 12, 2022. The purpose of me being there was to provide information about Aquatic Invasive Species, the Clean Boats Clean Waters Program, and Oneida County Cost Sharing opportunities. Tom Boisvert, the Lincoln County Conservation Program Manager, was also in attendance. Both Oneida County and Lincoln County were there sharing the same information (AIS, CBCW, Cost Share). Every year, this event has a great turnout. There were approximately 200 people at this event! Most of the people that Tom and I spoke with were interested in cost sharing opportunities in both Lincoln and Oneida Counties. We were pleased to have so much interest in shoreline restoration projects. We also heard lots of positive feedback from the native plant distribution day that was organized earlier this spring by Lincoln County, Oneida County, the LNCC, and WVIC. Many people were talking about how well their plants were doing along their shorelines. It was great hearing that a program we helped organize was so successful! Overall, the LNCC Membership Appreciation Picnic was a great event. We are looking forward to being a part of it again next summer!
